Subj: LETTER OF APPRECIATION

On behalf of the Marine Corps Liaison Office, a grateful and heart felt thanks goes to you, the Marine Corps League, Slattery Detachment #206, for your generous support in providing the funds for our detachment Marine Corps Ball for our Wounded Warrior Marines.

The road to recovery is an arduous and long one. Your organization's generous and thoughtful support helps our wounded Marines keep their minds off the physical and mental wounds suffered in war.

Support from the local communities and organizations like yours, play a critical role in sustaining morale and enabling our military forces to be successful in the global war on terrorism. Freedom is not free, and the United States Marines make great personal sacrifices, as previous generations have done, to serve and protect our great Nation and its patriotic citizens.

We greatly appreciate your exemplary support. On behalf of the United States Marines Corps and our wounded Marines, thank you again for all of your support.
